I HAVE ARRIVED!!!

I am so excited to be here, your home is really comfy. This Christmas tradition is super fun, and one you will find lovely.

Each night I will fly back, to Santa at the North Pole. To share with him your behavior, I'm hoping you don't get coal.

Remember not to touch me, as that can remove my magic. Without magic I cannot fly, that would certainly be tragic.

I hope you won't be naughty, good behavior is always best. Find my new hiding spot each morning, after a long night of rest!

Ready, set, go!!

Love,
