

LIBRARY BOOK LISTS

CREATED FOR

young learners

one for EACH LETTER

OF THE ALPHABET

YOU CAN TEACH YOUR *young learner*

WELCOME!!

Are you super excited to get your hands on those library book lists?

We also offer these amazing activities you can do with your young learner.

LETTER OF THE WEEK CRAFTS

We have [a craft for each letter of the alphabet](#) in this pack. We give you the printable to use, a supply list and instructions for making each adorable craft!

ALPHABET WORKSHEETS

This pack is an [instant download of 80+ worksheets](#) that go perfectly with all of our letter crafts. There are tracing pages and do a dot pages!

ALPHABET HANDPRINT ART

Want your kids to learn their letters, but also create a keepsake? In this pack we show you how to make [handprint art for each letter of the alphabet](#) step by step.

HOW IT WORKS

We've created a list of our favorite books for preschoolers. These lists are perfect to accompany your lessons as you teach your young learner a new letter of the alphabet. Put a mark by the ones you need to check out at the library. Or, order any of the books that you want to add to your at home library and read again and again! Questions? Email us at crystal@crystalandcomp.com.

THE CHECKLIST

If you are a checklist person, you will love what we've created. Just print each book list for each letter of the alphabet.

Check your shelves at home and mark off the books you already have. There is also room to add additional books to the list.

Mark the books you need to grab at the library and take this printable with you when you go!

THE BUYING LIST

We know that everyone cannot always make it to the library. No guilting allowed, Mama! You are doing great!

We have taken all of the work out of this for you by putting all of the books (from A-Z) into Amazon lists.

Each letter has a page in this packet dedicated to their Amazon list. Just click, order what you need, have the books delivered to your door.

You are your child's first teacher. You've taught them so much so far. You CAN successfully teach them at home!! - Crystal Lopez
